# Instructions – Seminar 1

You can use the following equipment:
- Desktop Computer
- VGA and HDMI hookup for laptop
- **Wireless Laptop Projection**

- DVD/BLURAY player
- Hook up for other equipment such as VHS player (Please contact Media Services)

Touch Panel

Turn the TV On
- On the Touch Panel located on the podium, press **POWER** then **DISPLAY ON**.
- There will be a **30 second delay** as the TV turns on.

Select Source
- For the **desktop computer**, press the **Internal PC** button.
- To project your laptop wirelessly, press the Wireless Projection button and follow the prompt on the screen.
- For a **laptop with VGA connection**, plug the VGA and audio connectors into the laptop. Press the **LAPTOP** button.
- For a **laptop with HDMI connection**, plug the HDMI cable into the laptop. Press the **LAPTOP** button.
- For the **Blu-ray** player, press the **BLU-RAY/DVD** button.

Use **Display Image ON/OFF** button if you want to keep the image ready but want the screen to be dark.

Volume is controlled through the touch panel. If you are using a laptop, please make sure the master volume on the laptop is high.

Troubleshooting

Video
- **If your device is not projecting:**
  Try selecting a different device and then switch back.
  Try restarting your device.
- **If your laptop is still not projecting :**
  Check your cable connections and make sure LAPTOP VGA or LAPTOP HDMI is selected on Touch Panel. **For a PC**, hold the Windows key and letter P, and choose "duplicate." **For a Mac**, make sure your display setting is "mirroring."

Audio
- **If you cannot hear any sound from HDMI:** you may have to change your audio output on your laptop. **For a PC**, right-click on the sound icon and choose "Playback devices." Then choose "CRESTRON." **For a Mac**, Option-Click on the sound icon. Then choose "CRESTRON" for your Output Device.

Please CALL MEDIA SERVICES (504-864-7120) for any assistance.

Please press Turn System OFF at the end of your class!
