

Instructions for Enhanced Classroom – Seminar 3

You can use the following equipment:

- Large LG TV
- VGA hookup for laptop
- HDMI hookup for laptop

Turn the TV on

- Press the **power** button located on the **bottom-right side** of the TV.

Select source.

- For a laptop with **VGA** connection, plug the VGA and audio connectors into the laptop. If the TV does not switch to **RGB - PC** automatically, press **INPUT** on the right side of the TV until the **RGB - PC** function is selected.
- For a laptop with **HDMI** connection, plug the HDMI cable into the laptop. If the TV does not switch to **HDMI 1/DVI** automatically, press **INPUT** on the right side of the TV until the **HDMI 1/DVI** function is selected.

Troubleshooting

Video

- **If your device is not projecting:**

Try restarting your device.

Check your cable connections.

Make sure you have selected the right source on the TV.

For a PC, hold the Windows key and letter P, and choose "duplicate." **For a Mac**, make sure your display setting is "mirroring."

Audio

- **If you cannot hear any sound from HDMI:** you may have to change your audio output on your laptop. **For a PC**, right-click on the sound icon and choose "Playback devices." Then choose "LG TV." **For a Mac**, Option-Click on the sound icon. Then choose "LG TV" for your Output Device.

Please **CALL MEDIA SERVICES (504-864-7120)** for any assistance.

Please press Turn System OFF at the end of your class!
