Instructions for Enhanced Classroom – Seminar 2

You can use the following equipment:

- Large TV
- VGA hookup for laptop
- HDMI hookup for laptop

Turn the TV on

- Press the **power** button located on the **bottom-right side** of the TV.

Select source

- For a laptop with **VGA** connection, plug the VGA and audio connectors into the laptop. If the TV does not switch to **PC-IN** automatically, press **INPUT** on the right side of the TV until the PC-IN function is selected.
- For a laptop with **HDMI** connection, plug the HDMI cable into the laptop. If the TV does not switch to **HDMI** automatically, press **INPUT** on the right side of the TV until the **HDMI 1** function is selected.

Troubleshooting

- **Video**
  - If your device is not projecting:
    - Try restarting your device.
    - Check your cable connections.
    - Make sure you have selected the right source on the TV.
    - **For a PC**, hold the Windows key and letter P, and choose "duplicate." **For a Mac**, make sure your display setting is "mirroring."

- **Audio**
  - If you cannot hear any sound from **HDMI**: you may have to change your audio output on your laptop. **For a PC**, right-click on the sound icon and choose “Playback devices.” Then choose “SHARP HDMI.” **For a Mac**, Option-Click on the sound icon. Then choose “SHARP HDMI” for your Output Device.

Please CALL MEDIA SERVICES (504-864-7120) for any assistance.

Please press Turn System OFF at the end of your class!
